

**California Sales Tax e-filing now available to most businesses**  
*efileSalesTax.com Offers Fast, Easy Solutions for Filing Sales Tax returns*

NEWBURY PARK, Calif. – (August 11, 2008) – If you were one of the many businesses that are required to file Sales Tax returns for California, but were told you were not eligible to e-file, here is exciting news! The Board of Equalization (BOE) has announced that Sales Tax e-filing will be available to over 90% of all businesses in 2008. The BOE, determined to go paperless, is putting their Electronic Transition Plan (ETP) into effect, and will gradually transition most taxpayers to e-filing over the coming months.

To assist with the BOE's e-file transition, efileSalesTax.com has setup a free reminder service that notifies you know when a sales tax account becomes eligible to e-File. To setup a free Sales Tax Reminder, go to [www.efileSalesTax.com](http://www.efileSalesTax.com). Once logged in, click on Reminders. This Reminder service also notifies you know when an account has a filing due, eliminating late fees and forgotten filings.

Once a Reminder has been received, filing the sales tax return is just a click away. Sales Tax filings at efileSalesTax.com are only \$6.95 per filing, with no software to download or install. Discounts are available for pre-paying the fee, and they also offer unlimited filings for \$199 per year. It's free to register, and you can try out the efileSalesTax.com software before buying.

efileSalesTax.com provides a faster, more secure, and more accurate way to file Sales Tax returns and prepayments. efileSalesTax.com reduces errors, saves time, and of course, paperless filing is also more environmentally friendly. Setup an efileSalesTax.com reminder today, so you are notified of your e-filing eligibility as soon as possible.
