FOR IMMEDIATE RELEASE

eFileSalesTax.com Adds New 401EZ and Streamlined 401A Forms For California Business eFilers

BOE-Authorized eFile Tax Web Site Simplifies Sales and Use Tax Filing.

NEWBURY PARK, Calif. – (May 10, 2004) – Electronic Sales and Use Tax, Inc. today announced that its California State Board of Equalization (BOE) authorized web site, eFileSalesTax.com, now offers a one screen 401EZ form and a streamlined 401A form for electronic filing of sales and use tax. Electronic Sales and Use Tax, Inc. is the only bilingual (English-Spanish) Electronic Return Originator (ERO) and the largest processor of electronically filed sales and use tax returns in California.

There are currently over 700,000 businesses in California that are eligible to efile their sales and use taxes with the BOE. The new 401EZ form lets an eligible business input all its filing information on one screen with no more than eight (8) lines and typically only five (5) lines requiring data. The optimized 401A form now has a reduced number of steps and improved speed and efficiency.

“Our new 401EZ and 401A forms are now even easier and faster for sales and use tax filing,” stated Rich Paul, CEO of Electronic Sales and Use Tax. “Businesses can register, log on, enter their data, file and receive confirmation in about five minutes.”

–more–

Use of the site requires a Seller's Permit Account Number issued by the BOE. Tax payments are made via electronic transfer from the user's bank account directly to the BOE. The efileSalesTax.com web site uses state-of-the-art encryption for security and confidentiality.

There is no membership or registration fee required to use the site. VISA, MasterCard, Discover, and American Express are accepted for payment of the \$4.95 per return filing charge. The site offers technical assistance– in English and Spanish– and provides increased customer support during the days prior to tax deadlines.

efileSalesTax.com can be reached directly at www.efileSalesTax.com, or by clicking on the efile link provided on the BOE website at www.boe.ca.gov. To obtain more information about the California Board of Equalization's sales tax electronic filing program you can visit the BOE website or call the BOE information center at 800 400-7115.
